Dear Parent/Guardian,

As you may be aware, The Lunch Bag will now be serving free school meals into your school. This means that all children will be able to choose their school lunch from a wide variety of popular lunches via our intuitive app.

Free school meals are an accepted part of school and family life across Europe and we are delighted to see this shift towards acknowledging the importance of a school meal throughout the day in our own country.

Overleaf, you will find instructions on how to order and above, details on how to contact us should you require any assistance.

We are really looking forward to becoming a part of the school fabric and hope both you and your child embrace this initiative and reap all the benefits of our high quality school meal programme.

Kind regards,

THE LUNCH BAG TEAM

*CUTLERY & COMPOSTABLE
NAPKINS WILL BE PROVIDED*

Your log in details

Child's Name:

Classroom:

School Name:

Activation Code:

To get started:

Download 'The Lunch Bag' app on your phone. Register an account with your email address; then add your child using the activation code above. You can also order through the website at www.thelunchbag.ie

If you already have a Lunch Bag account; go to the 'Student' section (in the dropdown menu on top left of app) and select "Add Student" to add your child.

Each child is given a default order to begin. You can edit this order at any time up to 12 midnight, 2 nights before the lunches are to be delivered e.g. 11:59pm Saturday for Monday delivery. Once this order is in place, it is secure until you wish to make an edit. You only need to change your order if you want to.

There are options available for Vegan, Vegetarian and Halal Diets.

IMPORTANT!

If you are an existing Lunch Bag school you **MUST** update your app in the app store to avail of your free lunch.
