

Good Morning Everyone!!

I hope you all had a lovely break and enjoyed the great weather!

This is the list of work I have planned out for this week.

- If you can print out the list, that would be great, because then you won't need to be using a computer all day
- Every day there will be some tasks for you to do on Google Classroom, and I have highlighted it in yellow so you will know right away what tasks you will need to use a computer for
- We made great progress before Easter working on Google Classroom and I think we are all getting used to it more now! The discussions we had on Google Classroom before the break worked really well so we will continue to work together on Classroom– discussions, projects, self-correcting work and watching videos

I have listed the work I would like you to do day-by-day and at the bottom of the page there are 2 tasks you can do at any time over the week – I would like everybody to make sure they finish those tasks please! You can decide yourself when you will do them.

Gentle Reminder: Don't forget most of you still have to send us your graduation photo. Your parents/guardians got an email about this before Easter.

Best of luck with the work this week and let me know if you have any questions.

Ms Fitzgerald.

Monday

Maths	Watch the 2 videos uploaded on Google Classroom and complete p. 150 B (All) and C (All)– include all rough work. I will post the answers for you tomorrow. <i>The video runs through the answers for part B, but I would like you to try it again in your copy as practice.</i>

Goal for the week	Submit reflection/ photos etc

Complete these tasks anytime during the week – They **must** be completed by Friday evening.

Year Book Planning	We will start to gather memories and stories for the yearbook - Open the 'Yearbook' document in Google Classroom, find your name and write a description of your memories and explain why they are so memorable/ fun/ funny
Science	<p style="text-align: center;">Learning about Birds</p> <ul style="list-style-type: none"> ▪ Learn about Garden Birds You can use http://www.noticenature.ie/files/GardenBirdsDownload.pdf http://www.askaboutireland.ie/aai-files/assets/Environment/Education_Training/Garden_Bird_Detectives.pdf (both also available on Google Classroom) ▪ Listen to some birdsong on audio file on Google Classroom.

- Go into your garden or go on a walk– can you hear any birds singing?

We are going to make a project on birds together

1. Chose a bird to complete your part of the project on – write your chosen bird beside your name in the ‘Project Sign Up Document’ on Google Classroom – try not to pick the same bird as a classmate
2. Draw your chosen bird and label it. Add a few sentences describing its **appearance, habitat, diet etc** – I expect lots of ‘topic specific language!’. You can do this on a page/ on one google slide/ or one Google Document page. Keep your part of the project to one page please!!
3. Upload to ‘Science – Bird Project’
4. I will put the slides together in one PowerPoint and upload the finished project to Classroom
