

# *My Family*

Our family are our first friends. They are the friends who we have for life. During the lockdown we have come to rely on our family even more and it is important to appreciate them, recognise their special qualities and be kind to them.

Like people, families come in lots of different shapes and sizes. Tell me about your brothers and sisters. If you are an only child tell me about mum or dad, close cousins, a special aunty, or your grandparents.
